THE STREET STREET

PLENTY OF LAW

cil on Wednesday night the chief of police and "The United States court for the district of Oregon has decided that the city of Portland ses no power under the city charter to punish gambling and giming. This court is regarded as the highest judicia. tribunal in the state While I doubt the co-rectness of the time I will obey the interpretation of the law will be made for gambling by this office until

nent takes this to and enlarges upon it, saying that "under Judge Deady's in arpretation of the law samblers can ply their nefarious trade in the broad open light of day," that " cappers and steerers can about out in the streets, like hotel runners, the ments of the Deady this city will be a paradise for gamblers of onfices the subject with any presumption of court martial Haren will be earded by when and that 'in the meantane he law-abiding malice arising from the mere fact of publication of the annual appropriations

for the assertion is not true. The United States listrict court held that a grant of power to the grant of power to suppress gaming , but when ment therefor prescribed by the law of the state, the city is not authorized to suppress any rame not prohibited by such law, nor to pun fined to the use of such means as may be within the court distinctly saying that "the punish ment provided by the state is sufficient," and the means in its power to enforce the state law

Nor is it true that the duties of the tional ene chief of police in the premises since this deofficers are officers of the state. All the power to make arrests for murder. The chief of newspapers is a business forger Under city ordinance! No under ducted in accordance

For this purpose a marshal or their business when pointing out for the beneteman is to be deemed a constable The fit of the public what they consider to be deolice force of the city is maintained by the feets in the performance of the duties of public was of the state to enforce state laws within officers he city, as well as the local llaws enacted by with the duties and powers of a justice of the tate he can examine and commit offendcourt had rendered no decision. He nd beyond doubt will be at hand to prosecute

law, though not mantioned or enumerated in agents enough to "work the mail on the oars the games prohibited, but as it is a 'de gave them room to work in and provide them vice within the statute the game when played for money, is gambling. In this when played nor money, is gamping. As an election the supreme court of Oregon is fol-diction the supreme court of Oregon is fol-to do these things or to got out of the way so to do these things or to got out of the way so that either the statute or the indictions should that either the statute or the indictions is should be may be in Helena, St. Paul Chicago or give the name of the game or of the device by Washington, the people of the northwest are

law by which gambling may be suppressed or punished in this city The law is ample. The police have full power, and it is their sworn looks like an effort to find an excuse not to en force the law It would seem that the comcountri had a duty to perform right here If ed of police means that no more arrests will be made for sambling in this city by the force of which he is the head so long as the de curion of the United States court stands as now, he may be properly reminded by too council of his duty under the laws of the state and reed to take action in accordance therewith or held to account for dereliction, as the statute

The organ of that very remarkable trio who meetings in the state he law giving them the true its government of this city and some right to vote might be said to be a failure other things.—Chapman Besser Watkinds— also parhaps but really it is not, for enough The organ of that very remarkable true who repeats the story originated by Besser and retailed by Watkmas, that the Evening Tele

unnoticed by The Onecostan were it not possible that persons not well acquainted e might suppose some credit were due to it case been brought about by the voice of women thout contradiction To all

This will appear less strange when it is known the source of irresponsithat women have no right to vote in the town newsym, who know the source of arresponsabelity and minmy whence the heariginated the despicable character of the ring o gan which

deal of public critic sm in the east just now There has always been a feeling that its cost is cancer of public officers. He said

I think that a public newspaper has a right to comment upon and criticises the conduct of a newspaper has a right to comment upon and criticises the conduct of a public officer in the discharge of his public daties. I think that it publichers of a newspaper discover with the process of a newspaper discover with the process of a newspaper discover with the public effort is in fault, and there are facts which suggest fault on his part I think that the public press has the right to criticise and to cansarre him. If the publishers of newspapers have this freedom of comment they anut, a focurs obtained faillible men, sometimes give utterance to criticisms which are minjust and unfair and which wiser men unexcited and caim, night not approve But gen tiemes, if in the careface of this freedom of comment if in the oursels of this freedom of comments the public press and the right to the public with the latter made an unwarrelated and caim, night not approve But gen tiemes, if in the oursels of this freedom of comments the public press for the public with the latter made an unwarrelated and camp night not approve for an increased appropriation. Then came the public press that the latter made are favorable the public press to done largely to medical to organization to had the public press to the public press to the public that the latter made and increased appropriation. Then came the comment of the public press to the public press the public press to the that kind would be to shockle the public press. It is of the greatest importance to the public that the sawspapers should have this liberty. If public off contempt flowers are should have this liberty. If public off contempt flowers are should have the liberty if public off contempt flowers. It is the execution of their public oxponse—a computation of all the criticise the faults would grow more and more in tolerable to the manufact public waiter. in Portland that can prevent them, that the gambler langus loudly at the now impotent.

The press we think, would be very content. try Several of he trome at itarnals police and people deprived of their power to to accept this basis in law that is the right to and it is intimated that the rec ctary of war m," that until a law can be enacted criticise public officials within the facts and would be glad to secure his hemissal rough to be out of the reach of Judge without private malice. The judge does not not at all likely between it a an ifficial to

signal service and its chief To discontinue the signal service as some to jet the assertion go forth that the late deers he at once sake the oditor. What have you got propose would we believe 1. inwise. The ion in the United States district court has ren against me? And the public are very apt to system even in its half comple o status a assume that personal pique or entity or dis great public benefit. Its operations are like is the motive for such criticism. We do but little felt on the Lacatic coast but in the ice or by the organ of the mayor, not say that this is never the case, but it never cotton region of the south and in the corn sught to be and it certainly is not except in region of the west it is a countril and safe devery exceptional cases. It would expose the pendence. But it abould be put into different pendence But it should be put into different would destroy to the extent that it is unduled and his railant record do not fit him for the the newspaper's business. As the Rhode Island acientific duties of the weather burgers udge says, 'this of great importance to the talk about the necessity of military discipline hiberty to criticise, and because the public ly exact. The weather service has no counse depends upon the freedom and honesty of the tion with military affairs and t should not be press to protect it in its rights, against the under military management but in the hands encroachments of corporations and the office-

which produced the Chapman Josef contract was enacted last night, when Besser to whom the document as often published had been handed for examination by the chairman of pocket claiming it as his personal and private property refused to return it is the committee and carried it away. This was evidently a concerted plan of sucal thuoring quite charge teristic of the notory is maniarpal ring whose under the censure and condenuation of uni ness of the paper and its exact continuant and carrying it off oulr deep us the public consisting as to the infamr of the marties Wathinds was present apparent to the the they ought never to move thought filing The ments to the members of the committee and to the common council is not like y to b of service to these persons the at hith ir mental ing the consequence of the act

At the celebrat on of the opining of the Northern Railroad of New Hampshire t Le banon November 17 184" Fatai Mebster unde a short address upon the bene its the opuntry would derive from that road which was to be and now is, a link in the lines be tween Boston and Montreal "I is road runs through the farm on which We is ar was born valuable thing in this world. In closing his address he said that all these he refits and of would doubtless have urged us k keep to mind

Another decrease of \$10 000 000 in the public

The Augusta Ga Chronacht says The papers come in every day with accounts of murders committed finevery section of the state ' And in close connection it remarks Since last May close our excitions have taken place in this tate There is no state in the Union in which a cran insil stands au poor a charge of except sea in Georgia. Georgia is purhaps the most progress we of the southern states as the consection of the ku klux assessing shows, but according a this statement there ought to be an execution

day to keep up with the murden We are told that there are working g ris in Portland who receive so little as four dollars GREATLY REDUCED PRICES. per wook and that they manage perist upon this pittance. The wretchedness of such an existence can scarcely be imagined

A specific and the poly one too for all forms and types of skin disease is known the world over as Dr Benson s Skindurs. It is not a parent medi los but a reliable certain remady. Praggists

and that in the monator are inserted at the most one of the most unpleasant experiences comes up in the democratic Louise there will make by and say. Judge Deady's will be done ' of aditors is the fact that malice is so commonly probably be an animated discussion over the

It is absurd, then, to assert that there is no

ung done for the police office and divided the board and this has always been done. It is extra amount with Lappens The said organ substantially all that ever will be done, no

This is a lie in all its parts, and is as in chers, and then a larger vote will be known to be such by the degraded ring cast but voting at school meetings is sensily a organ that prints it. The lie would pretty humdrum affair The correspondent

THE RIGHT TO CRITICISF HAZEN AND THE REATHER SER The Providence Journal was lately sued for Chief Justice Duries in charging the jury upbeld the journa sat's right to criticise acts of public officers. He said

presumed by the objects of their criticisms When the conduct of a public man is consuled newspaper to libel suits and what is more, it bands General Hassus solcie ly holding class, it becomes profitable to publish est kind, a hundred fold worse than organs of penalty at is shaduraly necessary that the should be free So great and universally recor-

especially protected and guarded by constitu res rendered, are at an end Police mate J connected with the public happiness, that is securily is provided for by the funda all the authority they possess is conferred by mental law. The editor would forfert his state law. They are sworn each and all to claim upon public patronage if he used his pa bey and enforce the laws of he state as well per with a malicious nurpose. His comment as the laws of the city They can lawfully ar may however reflect his own personal views rest, and it is their duty to screet every per and feelings since those may be assumed to son who violates the laws of state against agree with those of the community in which he gambling bouses and gaming and the law is residue. But they are not to be expressed aim ific in directing the police in ply because they are his regardless of their performance of this duty as in directing them struth or their fattpess. The publication of the snores a journey to catch Draper the of which depends upon its being con laws The people rely upon newspapers The general statute makes every police officer for protection as well as intelligence and they a constable of the state A peace off must to be quecessful fulfill their promise in our —Sec 352 Crim Code—is a preventing the growth of fendencies in public sheriff of the county or constable of a presunct officials and in corporations which are danger marshal or policeman of a town, and a warrant ous to the public welfare. The papers there ast be directed to and executed by fore are simply pursuing the necessary line of

POSTAL MISMANAGEMENT The whole northwest would like to get the fluor valley in the United State: But after as assistant super ntendent of railway mail sarryce, for the purpose of whispering into that traffic he did not forget to call it entien to the same ear. They do not wish to disturb in any violent way the official repose of the said assis emptory, it is as binding as if the United tent superintendent, which repose seems to be court had rendered no decision. He placed and deep, but since the line from St Paul to Portland is under his charge they would should only strengthen our resolves to use should come across to gametenes there is the to inform him how madequate the facilities them to the best account not nevely f and the district attorney should be work is more than he can possibly perform may see of the wonders of science and srt, our officer them is an officer of the altogether too small it is freezing weather the that after all the fear of the Lord is the begin route agent is allowed with each mail and the It is his sworm duty to arrest persons whole way across and there is no reone to make ning of undom. If Webster his been living It has a fire much of the mail which cannot obtain when the Northern Paoisto read was opened he that a policeman is, by the statute, room in the mail car, is stowed in baggage cars own that a policeman is, by the statute, room in the man, and the whole come mated a peace officer, and the statute where it is inaccessible and the whole come that great trath also declares—Sect. 861 2, Orum Code—that quence is that something like one hundred an arrest may be sither by a peace officer un sacks are carried through to Portland each day der a warrant, by a peace-confider without a warwithout having been 'worked at all a large debt during last month shows that the rerant of by a private ortizon " and that every part of which belongs at points on the road kources of the nation are increa-ing so rapidly a must ask an officer in the execution of a between Helena and Portland lawing been that we are certain to pay off oir debt as fast of the officer requires has sid and be bauled through past its points of destination as it becomes due. The continuid reduction present and acting in its exception. What This mail is accumulating in the postoffice will form an argument in fever of cutting further authority is wanted to suppress and here where it is rapidly filling up all possible down the national revenue again. But the

punish gambling, or other ocumes in this city? storage room, and as the force in the Bortland burdens of national faxation are very light Moreover, in this decision by the United office is too small to handle even the regular undeed and while our debt can be paid off it Moreover, in this decision by the onited comes no cases to mand of mall thrown the will be well worth while to keep on doing it distinctly and in its broadest sense the state upon its hands simply overwhelms it. There is law against gambling—holding that the game but one way to provide against all this and unique position of the only nation in story. law against gambing—holding that the game but one way to provide against all this and unique position of the only name anown as tan-tan is a game prolubited by state that is the simple one of putting on route that has paid off a large war dott with fire The northwest is just new getting ready to make a loud call upon Mr McDowell going to speak loud enough to make him hear them A correspondent of the New York Times says that the Vermont law giving women the right to vote for solved efficers and to hold educational offices which has been in force for

three jears is practically a failure. Of the 241 towns in the state twenty have this year chosen women for superintendents of schools but in no case so far as this correspondent knows, has such a choice been brought about by the potes of women. Of the tulents were not a novelty in the state even at the time of the passage of this law but the legality of their election had not previously been formally recognized But judged by the small number of male voters who attend school vote to transact the business to elect officers, provide for the usual terms of school and say how much the district will pay for the teachers This explains the appear of Lappears by Tro: Onsequence devining all the time that the public sent;
most was strong in the belief that Lappear was
privy to the murder of Brown, but for pacuning;
